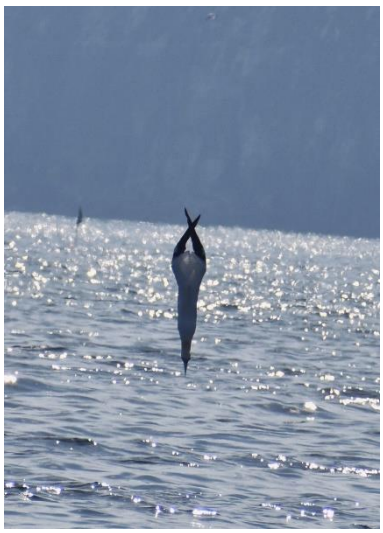
Paula Stead

SENDIASS Coordinator

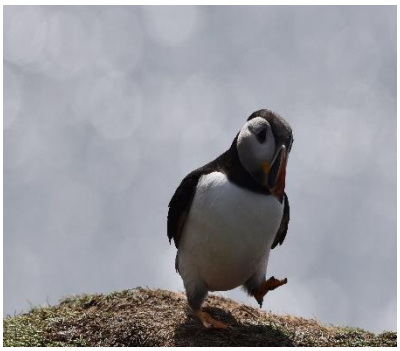
SENDIASS North Yorkshire

Things that are important to me



- My family.
- Having time out in the countryside or by the sea. I really enjoy taking wildlife photographs.
- Working for SENDIASS. I enjoy being able to support parents, carers and young people in sorting out any difficult issues they may have by giving them good clear information and advice .

What people appreciate about me?



- I am a good listener
- I have a good knowledge of legal information or I quite often know where to find the answers!
- I am determined and will always try and find a way to solve a problem.

How best to support me

- Give me time to understand the information you share with me. I need time to reflect on what I have been told so I can help you work out a way forward.
- I always try my best to get back to people when I say I will, but sometimes things get in the way, so if I don’t please do send me a gentle reminder.
