

Paula Stead

SENDIASS Coordinator

What people appreciate about me:

- I am a good listener.
- I have a good knowledge of legal information or I quite often know where to find the answers!
- I am determined and will always try and find a way to solve a problem.

What is important to me:

- My family.
- Having time out in the countryside or by the sea. I really enjoy taking wildlife photographs.
- Working for SENDIASS. I enjoy being able to support parents, carers and young people in sorting out any difficult issues they may have, by giving them good clear information and advice.

How to support me:

- Give me time to understand the information you share with me. I need time to reflect on what I have been told so I can help you work out a way forward.
- I always try my best to get back to people when I say I will, but sometimes things get in the way, so if I don't please do send me a gentle reminder.
