

Carol Watson

Sendiass Coordinator

DEXTER

THE COUNTRYSIDE

What people appreciate about me:

- I am a good listener.
- I am caring, kind and passionate about helping others.
- I am easy to talk to.
- I always ensure children and young people are at the centre of the way I work.

What is important to me:

- Working as a SENDIASS Co-ordinator, because I like helping parents/carers and young people and children who have special educational needs.
- At home, my family are special to me. I love spending time with my daughter. Visiting my son and playing with my grandson, who's full of energy. Seeing other family members, friends and walking my Dog Dexter in our beautiful countryside.

How to support me:

- To help me achieve the best outcomes for you I need you to try and tell me everything so that I can support you in the right way.
