

## North Yorkshire Schools on or near military bases:

The list of schools below is not exhaustive, but could be a starting point when looking for schools for your child with SEND, near your new home in North Yorkshire. We would advise you to look at the websites and read the school Ofsted reports, together with the SEND information reports. If possible visit a number of schools if you can. Please read the LA's school transport policy if you are considering a school that is not your local school and it is more than 2 miles away from your home (for a child under 8) or more than 3 miles away from your home (for a child 8 and over) - <https://www.northyorks.gov.uk/transport-send-children-and-young-people>
